School Book Bill.

The school book bill before the

Legislature seems to meet with

but few friends. The bill asks

for an appropriation of \$100,000

but the House has not yet

acted on it. It will take at least

one hundred thousand dollars to

pay the salaries of the teachers

of the State with the new

system. This would require a

half million more in one year. This

is a heavy burden for the State

to bear. It is hoped that the

Legislature will be able to

find a way to meet this

need. It is a very important

agents of the various railroad

companies to be employed as

plantation hands. This number

will be augmented during the next

AS TO NEGRO EMIGRATION.

NEW YORK, Jan. 20.—A New

York newspaper recently in-

terviewed its correspondents in

South Carolina and Alabama

about the views of leading

planters, lawyers and other

representative men on the

subject of sending the negroes

to Africa as proposed by Sena-

tor Morgan. The answers were

very different. Some of the

planters, however, favored

the proposed measure, many of

them, however, were opposed

to it. The majority, however,

were opposed to it. The
